I am from Chicago, Illinois. I was born in Chicago and live in the Windy City. This place means a lot to me and to 2.719 million people. Chicago is home. It’s where the Chicago Cubs can win the world series. It’s been really fun in Chicago with no worries, no bills, and no troubles in your childhood.

As you grow, you get to go out more. You can go to many places with your friends, not only downtown. You can skateboard in many skateparks, the biggest being Grant Park Skate Plaza in downtown Chicago. Chicago is one of the best cities in the world. It means a lot.
