Dear Grandmother,

I know you live in Mexico. I will give you some ideas why you should come here to California! There are great tutors at 826LA. Another reason why is because you can come to my house. For my final idea, there are famous people in L.A., maybe you can come see one.

I hope you like my ideas why you should come to California. Oh, also because I have a buffet for you! Like salad.

Sincerely,  
Caleigh
