Who Wants Love?

by Quinn, 826CHI

TYPE
NARRATIVE

Love is a great thing because it's made out of hearts and beauty and handsomeness and awesomeness.

And POW!

Love goes slow. Love is ridiculous. Love is fast like a pony with a wizard costume on and a green mustache. Love is sad. Love is crazy. Love is around the world. Love is a deck of cards. Family Love is happy and cool. Boyfriend and girlfriend love is yuck and nasty.

When it comes to love, a man has to have a job, a good diploma, and has to have an eight-pack. And he has to cook and has to look handsome. He probably has to be in his 30s.
