Dividing By Zero

by Sophia, 826CHI

TYPE
POETRY

People tell me I'm nothing.

“The possibility of you living

Is that you won't make it in time for Thanksgiving.”

But I'm not giving up

Because

If the mathematicians can divide by zero

If george can be a hero

Then I can keep going on for today

If the scientists can hoverboard

And the lions can roar

Then I'll divide by zero; beat the odds every day.
