Dear Jackie Chan,

My name is Luis and I love your movies. I'm so excited for the next movie that you are going to be in. Who is going to be in the next movie?

You love your fans for all the support in the movies. You have a family in the movies and in real life. All your movies are funny and you are funny in real life. You do Kung Fu in real life and in the movies.

You are my inspiration to get a black belt in Kung Fu class because you do the moves like the double kick. You also help people in the movies. Your inspiration is your mom.

You are my hero because you are cool!

Sincerely,

Luis
