# Breathe

by Juna, 826michigan

**TYPE**  
**POETRY**

Breathe in pesticides killing dreams

Breathe out seeding dandelions in the wind

Breathe in white privilege

Breathe out a warm fire roasting s'mores

Breathe in fear shadowing minds

Breathe out children playing in fields full of butterfly

milkweed

Breathe in wolves with their blood leaking out into

the snow

Breathe out while sitting high up in a tree, letting it

all go
