Christmas

NARRATIVE

What is my favorite holiday? My favorite holiday is Christmas. Christmas is the time when I can spend a lot of time with my family. Every Christmas, my mom asks me, “Can you help me on decorations?” It is also the best because I can go outside and go sledding. I remember one time I went sledding and I went super fast. I was about six years old. I couldn’t stop. I went onto a small pond. I was scared because the ice could’ve broken and I could have fallen in the cold water.

Christmas Eve is also the best day because my brother always comes and visits us and we have a snowball fight. I remember he came once and said, “I don’t want to play this time.” The next thing he did was put snow on my back. I said, “You better watch out, dude.” It was the best day ever because my mom had hot chocolate ready and it was so warm inside. Then we got to take a hot shower. We also got to watch TV with a cozy blanket. The next morning is the best, too, because that is when we get to open our

presents. I remember once I got a PSP. It was fun at first, but today I don't use it anymore. I think that was the best Christmas ever. When I got the gift, I told my mom, "Thanks, Mom," and gave her a hug. After the presents we always make a huge dinner and invite friends over. We usually don't finish the food, but that is okay because we eat the rest the next day.
