# Summer

by Ren, 826 New Orleans

**TYPE**  
**POETRY**

Summer makes me feel lazy as my drool makes a puddle

Summer makes me feel like watching Netflix

and I am drenched in sofa and potato chip grease

Summer can give you unexpected things

Such as how one minute later your sweat can make a great hot tub

Summer means that it's my birthday

and people give me stuff

And I can be a boss

Summer can bring things that might be possible or impossible

(AKA see what your parents are up to)
