Hey guys, I'm back. I don't know if you know me but my name is Mr. Black

I have a big family and that's including me!

I travel many places and see many faces.

My family and me live in crevices you know in there you can't see Mount Everest.

There's not much bugs to eat so we just must eat all the leftover meat.

All of us show a lot of feat even though there are many risks.

My fellow family members have many eyes and legs.

I think each of us have about eight.

With all those clues, can you guess who I am?

I shall tell you because we don't have the whole day – anyway, I am a spider!

# Your Animal

Answer the questions below about the animal you chose. Then, draw a picture of your animal. Include as many of the details you listed above in your picture.

**What is your animal?**

---

**What is your animal's habitat?**

---

**What does your animal eat?**

---

**Does your animal live by itself or in a group?**
