Writing & Creativity - Your Memory Map

Memories are a part of what make up our personal values because they contain the core components of who we are: the people we love, the places we've been, the experiences we've had. Fill in this heart with the sense memories you brainstormed. Get creative with the way you puzzle them together—use different shapes and colors to represent the things that mean the most to you. Make sure you also create a key for your map!
