Dear Ms. U.S. President

Dear Ms. U.S. President,
Hope that first line was correct
Because it is evident
That you are who we need to elect

If you could run our country,
Maybe they could see our all
Maybe we could take some action
Not just view as flies on walls

Dear Ms. U.S. President,
I hope you're doing well
I hope they listen when you speak
Not just interject themselves

If you could run our country,
Maybe we could run our lives
Maybe we could have a say
In what they rule is justified

Dear Ms. U.S. President,
Thanks for all you've done for girls

Maybe if you run for president

Then we'd help run the world
