Dear Ms. U.S. President,  
Hope that first line was correct  
Because it is evident  
That you are who we need to elect

If you could run our country,  
Maybe they could see our all  
Maybe we could take some action  
Not just view as flies on walls

Dear Ms. U.S. President,  
I hope you're doing well  
I hope they listen when you speak  
Not just interject themselves

If you could run our country,  
Maybe we could run our lives  
Maybe we could have a say  
In what they rule is justified

Dear Ms. U.S. President,  
Thanks for all you've done for girls

Maybe if you run for president

Then we'd help run the world
