- It is true that a grape jelly sandwich is better than a peanut butter sandwich.
- It is false that I hate the mall.
- The most important quality in a person is you have to be loyal.
- It is a person's obligation to be unique.
- People should keep in mind that they should be kind to people when typing.
- Happiness is attained through a person's emotions.
- The best way to deal with loss is to forget it ever happened.
- The worst way to deal with loss is to laugh about it.
- Nothing is more fun than being yourself.
- Nothing is more boring than not being yourself.
- It is difficult to fit in.
- It is easy to make friends.
- Evil is the result of putting people down.
- Beauty comes from the heart.

- Education is number one.
- Friends are good for cheering you up.
- Technology will lead to destruction.
- I insist that every child should go to bed with a full tummy.
- I promote that if you have food and your neighbour doesn't — share with them.
