# Love Spell

My great-grandma

Gave me perfume

And I can't forget

The lotion too

It's called "Love Spell"

I think it is

And I spray it every time

While I'm minding my biz

Smells really good

My Bestie thinks so too

I put some on

After the shower too

Before she dies

I'll use it all

On me

And on all my dolls

Suga is the best

She's my grandma's mother

She's a person

Like no other

And that's why I love her

(And the perfume)
