Do you want to go to a place where you can learn, have fun, feel accepted, and make friends all at the same time? Well P.S. 316 is a great place to go! This school has been around since the 1900s, and is a great place. Even if you don't go to school here, you can still play on our school playgrounds! P.S. 316 is a great school to feel free during your childhood.

## Why P.S. 316 is important to me

P.S. 316 is important to me because I met all of my best friends and had some core memories. This school is a place that accepts all cultures and lets me say what's on my mind. There are also special events like the Halloween dance, the Valentine's Day dance, senior bbq, prom, and more! Another thing I like about this school is that the people and staff are really nice and very funny. This place is big and you can continue all the way until the end of middle school.

## Why should the people of NYC care?

The people of NYC should care about P.S. 316 because the school is not that far from a lot of the students' homes. People here are really kind and care about keeping the Earth clean. When your children come to this school, there will be weekly newsletters to see what your children or child might be doing this school year. This is why P.S. 316 is like my second home and my friends are my second family.
